

# Thank you to the Festival of Trees Volunteers

*Thank you for your part in making Festival of Trees 2011 so fresh and fun. The Greater Peterborough Health Services Foundation, Hospice Peterborough and the Peterborough Regional Health Centre Foundation are very grateful to be Festival beneficiaries. For 21 years the overwhelming outpouring of volunteer support, the wealth of designer creativity, the humour and talent of the entertainers and the overall feeling of warmth and goodwill have combined to create the magic of Festival.*

*Peterborough Festival of Trees is so much more than a fundraising endeavour. It is an expression of this community's spirit, creativity, drive and industrious hard work. I commend you on your bravery to reinvent this beloved Peterborough event. You have all done an amazing job.*

*All of the three beneficiaries send a heartfelt **'Thank You'** to Festival of Trees for your invaluable contribution to our programs and services. Most appreciative of all are the individuals, caregivers and families in our community who receive our care and support.*

*Thank you for supporting healthcare in our community.*
